EDUCATION

Ph.D. in Agricultural and Applied Economics **Expected Fall 2026**
University of Illinois Urbana-Champaign (UIUC)

Advisors: Alex Winter-Nelson
 Catalina Herrera Almanza

Dissertation: "Essays on Agricultural Households, Labor Markets, and Welfare"

Master of Social Science in Economics **Dec 2015**
University of Dhaka, Bangladesh

Bachelor of Social Science in Economics **Dec 2014**
University of Dhaka, Bangladesh

RESEARCH INTERESTS

Agricultural Economics · Commodity Markets and Price Analysis · Production Economics · Agricultural Policy · Applied Econometrics · Agricultural Household Behavior · Rural Labor Markets · Food Systems · Remote Sensing

RESEARCH AND ACADEMIC EXPERIENCE

Graduate Research Assistant **Jan 2021–Present**
Department of Agricultural and Consumer Economics, University of Illinois Urbana-Champaign

- Develop theory-guided econometric models to study agricultural systems, commodity markets, labor allocation, household behavior, and rural development.
- Conduct impact evaluations and causal inference analyses using large-scale household, experimental, administrative, and geospatial datasets across Bangladesh, India, Tanzania, Kenya, Ethiopia, and Brazil.
- Collaborate with economists, statisticians, public health researchers, survey teams, and other interdisciplinary partners on policy-relevant research and manuscript development.
- Use satellite imagery and remote-sensing methods to measure crop rotation patterns and crop diversity in California agriculture.
- Develop reproducible analytical workflows, statistical models, and data-driven decision tools for agricultural and development research.
- Prepare manuscripts for peer-reviewed journals, present findings to academic and policy audiences, and contribute to the development of new research ideas and project proposals.

Research Consultant

Bangladesh Institute of Development Studies (BIDS)

Selected Projects:

Post-Enumeration Check of Bangladesh Economic Census 2025	Jul 2025 – Dec 2025
Post-Enumeration Check of Bangladesh Population and Housing Census 2022	Nov 2023 – Jul 2024
Rural Livelihood Dynamics in the Haor Region of Bangladesh	Sep 2022 – Nov 2022

- Cleaned, validated, and analyzed data from the post-enumeration surveys of the 2022 Population and Housing Census and 2025 Economic Census in Bangladesh using enumeration-area shapefiles.
- Contributed to questionnaire design, household and community survey implementation, fieldwork coordination, real-

time monitoring, and data quality assurance.

- Co-authored the Post Enumeration Survey Report.

Short-term Consultant

Jul 2024–Dec 2024

Development Economics Research Group, World Bank

Project: Women’s Mental Health and Household Dynamics (India)

- Conducted impact evaluation and applied econometric analyses using household survey and experimental data to support evidence-based development research.
- Cleaned, harmonized, integrated, and analyzed large-scale datasets using Stata and R and prepared technical reports, visualizations, and presentations for multidisciplinary research teams.
- Contributed to a research project accepted for publication in the *Journal of Development Economics*.

Research Analyst

Nov 2017–Jan 2021

Development Strategy and Governance Unit, International Food Policy Research

Institute (IFPRI)

Project: “Bangladesh Modern Food Storage Facilities Project”

- Developed stochastic spatial equilibrium and econometric models to evaluate agricultural price stabilization, grain storage, market risk, trade, food security, and agricultural policy alternatives.
- Analyzed commodity prices, production, inventories, market integration, and producer incentives using nationally representative survey and administrative datasets.
- Developed structural supply, demand, market equilibrium, and production models to estimate equilibrium prices, producer responses, farm profitability, and the impacts of agricultural policy and commodity price changes.
- Produced policy reports and technical publications used by government agencies and international organizations.
- Coordinated field surveys, managed research workflows, collaborated with multidisciplinary teams, and contributed to grant-supported research projects and technical deliverables.

Research Associate

Mar 2017–Oct 2017

BRAC Institute of Governance and Development (BIGD)

Project: “State of Governance Report 2017”

- Assisted in questionnaire design, household survey implementation, and econometric analysis.
- Performed data cleaning and econometric analysis for the report.
- Contributed to report writing.

PEER-REVIEWED PUBLICATIONS

S. Anukriti, C. Herrera-Almanza, **S. Hossain**, and M. Karra. “Son Preference, Intergenerational Household Dynamics, and Women’s Mental Health in India” [*Journal of Development Economics*] [Link](#) [↗](#)

WORKING PAPERS

S. Hossain. “Commodity Prices, Shadow Wages, and Household Labor Allocation under Imperfect Labor Markets” [*Job Market Paper*] [Link](#) [↗](#)

Uses a non-separable agricultural household model and panel and instrumental-variables methods to examine how commodity prices affect producer incentives, returns to family labor, and labor allocation under imperfect markets.

S. Hossain. “Impacts of illness and job loss on households within economy-wide shocks: Coping through labor markets” (draft available on request)

Uses household panel data and doubly robust difference-in-differences methods to estimate how illness and job-loss shocks affect welfare, labor allocation, and coping strategies in rural Bangladesh.

POLICY AND RESEARCH PUBLICATIONS

Minot, Nicholas; **Hossain, Shahadat**; Kabir, Razin; Dorosh, Paul A.; and Rashid, Shahidur. 2024. “Assessing the impact of rice price stabilization policies in Bangladesh: Results from a stochastic spatial equilibrium model”. Minot, Nicholas; **Hossain, Shahadat**; Kabir, Razin; Dorosh, Paul A.; and Rashid, Shahidur. 2021. “Rice price stabilization in Bangladesh: Assessing the impact of public farm-gate and consumer price stabilization instruments on the overall grain market and developing orientations with a greater role for the private sector”. IFPRP Working Paper 11. Washington, DC: International Food Policy Research Institute (IFPRI). [Link](#) 

Dorosh, Paul A.; Minot, Nicholas; Kabir, Razin; and **Hossain, Shahadat**. 2021. “Private sector rice stocks in Bangladesh: Estimates from the Bangladesh Millers’ and Traders’ Survey (MATS) 2018”. IFPRP Working Paper 6. Washington, DC: International Food Policy Research Institute (IFPRI). [Link](#) 

Chowdhury, Reajul Alam; Alam, Md Monjurul; Ali, Md Rostom; Awal, Md Abdul; **Hossain, Shahadat**; Kalita, Prasanta Kumar; Saha, Chayan Kumer; Winter-Nelson, Alex. 2023. “Private investments in modern foodgrain storage in Bangladesh: An economic feasibility analysis and potential role for the public sector”. IFPRP Working Paper 12. Washington, DC: International Food Policy Research Institute (IFPRI). [Link](#) 

OUTREACH ARTICLES

S. Hossain and J. Janzen. “The Impact of Long-Run Declines in Gasoline Use on the US Corn Market.” farmdoc daily (12):195, Department of Agricultural and Consumer Economics, University of Illinois at Urbana-Champaign, December 27, 2022. [Link](#) 

TEACHING EXPERIENCE

Teaching Assistant – University of Illinois Urbana-Champaign

Led discussion sections and problem-solving exercises, evaluated assignments and projects, and provided individual student support.

Courses:

- ACE 300: Intermediate Applied Microeconomics (Fall 2026)
- ACE 231: Food and Agribusiness Management (Spring 2026)
- ACE 251: World Food Economy (Fall 2025)
- ACE 440: Financial Plan for Professionals (Spring 2025)
- ACE 100: Introduction to Applied Microeconomics (Fall 2024)

Instructor – BRAC Institute of Governance and Development (BIGD), BRAC University

Courses:

- Applied Statistical Methods (Summer 2017)

TEACHING INTERESTS

Managerial Agricultural Economics · Agricultural Economics · Applied Microeconomics · Commodity Markets · Quantitative and Data Analysis Methods

CONFERENCE PRESENTATIONS

Oral Presentation

“Commodity Prices, Shadow Wages, and Household Labor Allocation under Imperfect Labor Markets” at International Policy and Development (IPAD),

Oct 2025

Agriculture and Consumer Economics, UIUC

“Impacts of illness and job loss on households within economy-wide shocks: Coping through labor markets” at International Policy and Development (IPAD), Agriculture and Consumer Economics, UIUC

Mar 2024

Poster Presentation

“Impacts of illness and job loss on households within economy-wide shocks: Coping through labor markets” at the Agricultural and Applied Economics Association (AAEA), Denver, CO

Jul 2025

FELLOWSHIPS AND AWARDS

AAEA Travel Grant - International Section, Agricultural and Applied Economics Association (AAEA)

Summer 2025

Louise Scholars Graduate Student Fellowship - Agriculture and Consumer Economics, University of Illinois Urbana-Champaign

Fall 2024

Post Harvest Loss Prevention Fellow - ADM Institute for the Prevention of Postharvest Loss, University of Illinois Urbana-Champaign

Spring 2021 – Summer 2023

PROFESSIONAL SERVICE

Peer Reviewer: *Studies in Family Planning*; Midwest International Economic Development Conference

TECHNICAL SKILLS

Programming & Statistical Software: R, Stata, Python, SQL, Microsoft Excel, ArcGIS, Git

Econometrics & Causal Inference: Panel Data, Fixed Effects, Instrumental Variables, Difference-in-Differences, Matching, Regression Discontinuity, Randomized Controlled Trials, and Machine-Learning-Assisted Estimation

Economic Modeling & Agricultural Market Analysis: Production Models, Supply and Demand Analysis, Spatial Equilibrium Models, Commodity Price Analysis, Forecasting, Scenario Analysis, and Policy Simulation

Data & Visualization: Household, Market, Administrative, Panel, Experimental, and Geospatial Data; R Shiny, Tableau, ggplot2

Languages: English (Fluent), Bangla (Native), Hindi (Intermediate)
